

# Participants

## EURO

### **A d m i s s i o n**

To apply to the EPS, candidates from a EURO member society country, or studying in a EURO member society country, should submit their curriculum vitae (including their academic track record), a letter outlining their motivation to attend, and a letter of recommendation from their supervisor to the Scientific Committee of the EPS. The Scientific Committee selects and ranks (in the case of more than one accepted from the same country) the candidates. Preference will be given to applicants who have not previously received support from EURO for other PhD schools, and when accepting the candidates the EPS Scientific Committee should aim at a good distribution of the participants among the EURO member societies.

### **F i n a n c i a l**

### **a r r a n g e m e n t s**

Travel costs should be covered by the participants, either themselves or through external funding (e.g. national Science funding bodies, OR National Societies, etc.). All living costs (accommodation, meals, and travel within school activities) should be supported by the EPS. EURO provides financial support to the organizers of up to 500 Euros per participant and per week, up to a maximum of 15000 Euros. The EPS organizers may have to raise additional funds, through the National OR Society, public and private sponsors. A fee may be charged to the participants, if necessary, but should be kept as low as possible.

### **I n s u r a n c e**

No insurance will cover the participants.

## ALIO

### **A d m i s s i o n**

To apply to the EPS, candidates from a ALIO member society country, should submit their curriculum vitae (including their academic track record), a letter outlining their motivation to attend, and a letter of recommendation from their supervisor to the Scientific Committee of the EPS. The Scientific Committee selects and ranks (in the case of more than one accepted from the same country) the candidates. When accepting the candidates the EPS Scientific Committee should aim at a good distribution of the participants among the ALIO member societies.

### **F i n a n c i a l**

### **a r r a n g e m e n t s**

Travel costs should be covered by the participants, either themselves or through external funding (e.g. national Science funding bodies, OR National Societies, etc.). All living costs (accommodation, meals, and travel within school activities) should be supported by the EPS. IFORS and AI4AgroIB provides financial support to the attendees of up to 500 Euros per participant and per week, up to a maximum of 20000 Euros in total. The EPS organizers may have to raise additional funds, through the National OR Society, public and private sponsors. A fee will be charged to the participants, but should be kept as low as possible.

### **I n s u r a n c e**

No insurance will cover the participants.

## Other Participants

### **A d m i s s i o n**

To apply to the EPS, candidates from anywhere interested in attending the school, should submit their curriculum vitae (including their academic track record), a letter outlining their motivation to attend, and a letter of recommendation from their supervisor to the Scientific Committee of the EPS. The Scientific Committee selects and ranks (in the case of more than one accepted from the same country) the candidates. Take into account that the seats are limited, and for this group, only the remaining vacant spots will be available. The members of EURO and ALIO without financial support from the organization have preference over the rest of the applicants.

### **F i n a n c i a l**

### **a r r a n g e m e n t s**

This group has to pay the full registration fee to cover all the expenses of the course (meals, accommodation, and social events). No financial support is given to this group by the EPS.

### **I n s u r a n c e**

No insurance will cover the participants.
